“Adopting” a Disadvantaged Child
RAWCS #94-2000/2001

Description:- The Salvation Army in Kuching, Sarawak, operates a home for disadvantaged children. The Rotary Club of Kuching through an annual Christmas fair, provides some assistance to the children, but as the State of Sarawak has only two Rotary clubs, this support, by necessity, is limited.

Further Information:- Children from birth, to the age of 16 years are cared for and the home provides accommodation for an average of 100 children at any one time. No restrictions are placed on the child’s religious or ethnic background. A large percentage of children are orphans, while others are neglected children, or babies abandoned at birth.

After receiving a general education, as well as work related skills, at the age of 16, every attempt is made to place children in suitable employment. As well as providing accommodation for children, there is an ongoing need for maintenance of rather aged buildings, in a tropical environment.

Cost:- Just A\$4 per day will provide a child with accommodation, meals, education, as well as contributing to overheads such as staff salaries, building maintenance, equipment, transport, medical services etc.

Sponsoring a Deserving Student
RAWCS #92-2000/2001

Description:- Sponsored by the Rotary Club of Pudu which has established scholarships for children who would otherwise be unable to complete their secondary education so that they may obtain satisfactory employment.

Further Information:- For many years the Rotary Club of Pudu has cared for poorer people in their area. Their most helpful community service project has been the provision of this very successful scholarship program. Rotary Clubs in Australia have now helped hundreds of students achieve the benefit of a secondary education. All funding provided by Australian Rotary Clubs is matched dollar for dollar by members of the Rotary Club of Pudu.

As with all other RAWCS projects, **All** contributions go directly to people in need. A satisfactory education is the key to future peace and goodwill, ignorance is one of its greatest obstacles.

Cost:- A\$100 will enable a young person to attend school for a year.
